Profile

As a Front-End Developer since 2021, I excel in creating interactive and visually appealing websites utilizing React.js for dynamic user interfaces and SCSS for visually engaging experiences. My UI/UX design background enhances my ability to deliver engaging user experiences. I'm a collaborative team player who enjoys working with others to find the best solutions and bring designs to life.

Experience

CO-FOUNDER & CREATIVE TECHNOLOGIST | XYZ | 04/2024 - 03/2024

A creative tech team specialized in building modern websites, co-founded and led the front-end and design efforts, delivering interactive, mobile-friendly web solutions and engaging visual content that aligns with clients' brand identity and business goals.
